Front-End Development: HTML5, CSS3, JavaScript, jQuery, Vue, Adobe XD, Bootstrap, Photoshop
Back-End Development: PHP, Python, Basic C++, Basic C#, Basic VB
Technical Tools   : Git, GitHub, VS Code
Databases   : MySQL, SQL, SQLite, MariaDB

EXPERIENCE

Self-Employed Front-End Web Developer (2020-2023)

- Developed numerous websites for friends, including front-end and very rarely back-end.
- Designed all of the websites with Adobe XD.
- Designed logos for some of the websites, using Photoshop.
- Created a database for the appointments of users, using PHP, SQL and MariaDB.
- Made the websites well-structured and dynamic, with animations and overall more efficient UI using Bootstrap, JavaScript and jQuery.

PROJECTS

'DentHeal' – View Project

- Tools Used: HTML, CSS, Bootstrap, JavaScript, Photoshop, Adobe XD

'Jerry's Barbershop' – View Project

- Tools Used: HTML, CSS, Bootstrap, JavaScript, jQuery, Photoshop, Adobe XD
